ORAFOL India

Expiry date:  
31 Dec. 2025

ORAFOL® is one of the world's leading manufacturers of innovative self-adhesive graphics films, reflective films, and adhesive tapes systems. Established in 1808, originally manufacturing postage stamp inks for the Kingdom of Prussia, certainly a far cry from where the company is today as the manufacturer of world leading products into a diverse range of markets for many applications.

## Applications / Road & Highway Signage

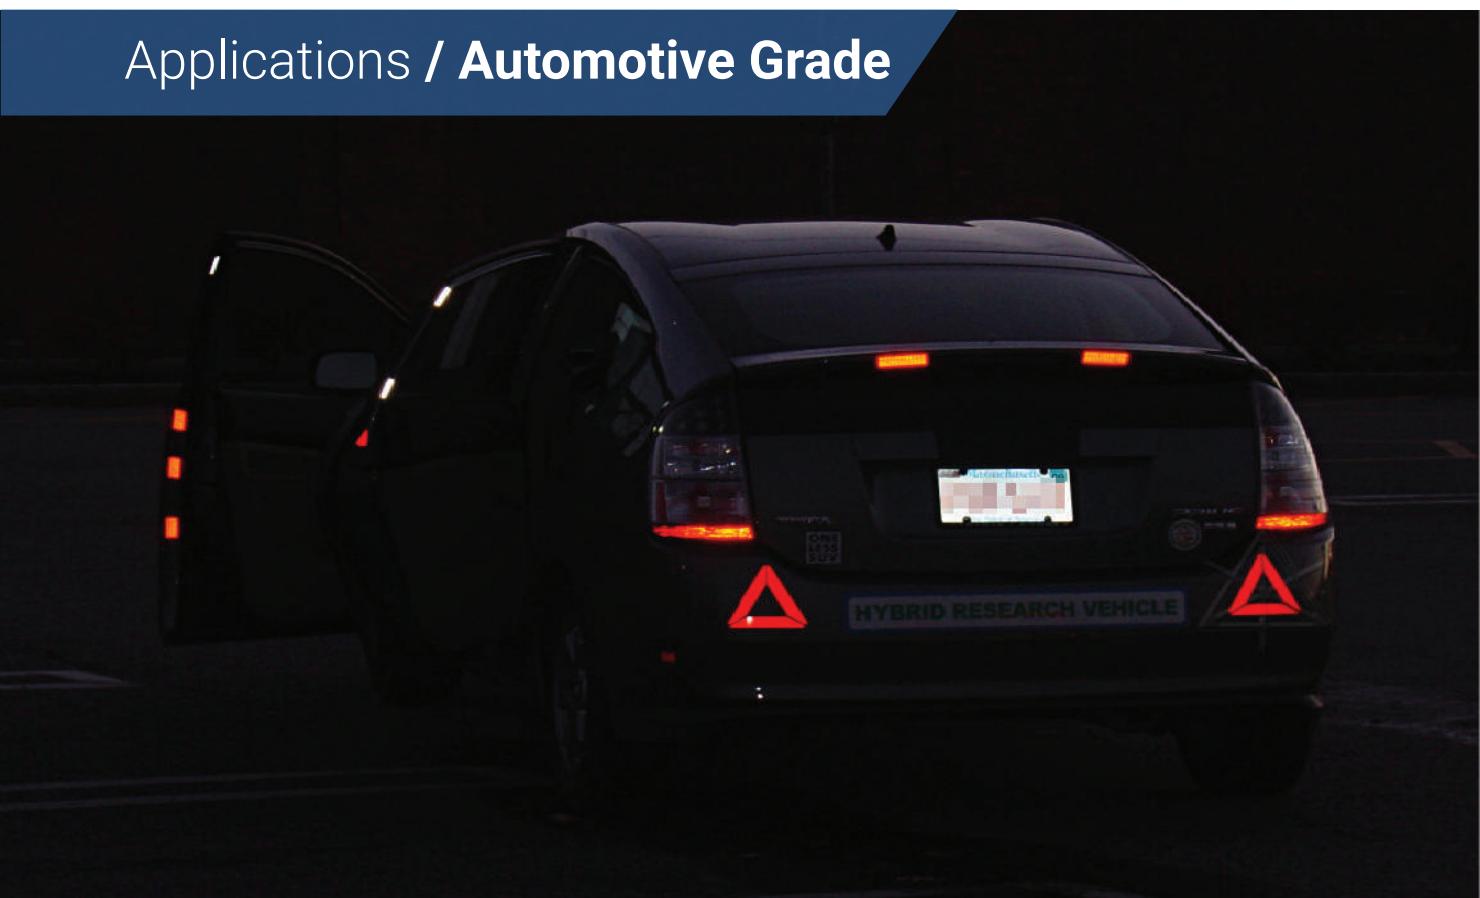

### Permanent Traffic signs

- » High prismatic brightness
- » Weatherproof
- » Surface of high performance acrylic film
- » ORALITE® is CE-certified
- » Excellent printability
- » +10 years outdoor durability

## Applications / Automotive Grade

### Reflective Vehicle Wraps

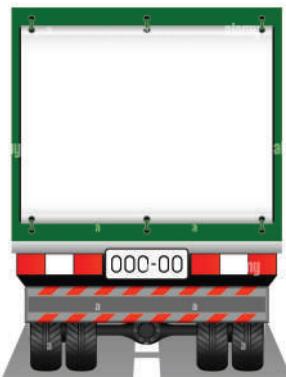

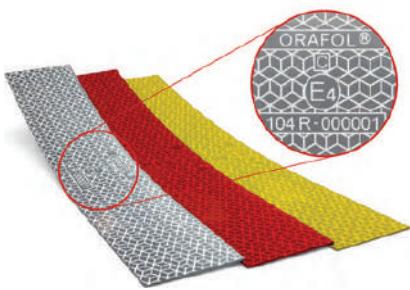

More than 300 hours. That's the average time we spend in our cars every year.<sup>1</sup> With so much time spent on the road, fleet vehicles provide the perfect medium to convey a brand's messaging in a unique and engaging way. Specifically, reflective vehicle graphics enable your vehicle wraps to be eye-catching, day or night.

Whether or not your fleet already utilizes ORAFOL vinyl graphic films for vehicle branding, adding reflective film for trims, accents, decals or rear door wraps will contribute to increased driver safety and enhanced brand visibility.

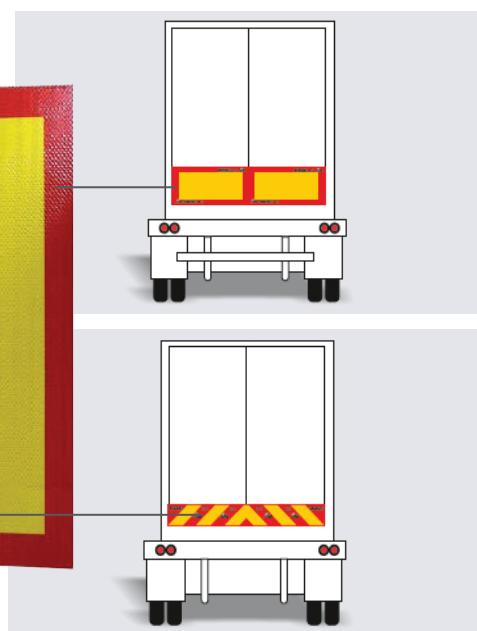

## Vehicle Conspicuity Tape

ORAFOL reflective conspicuity tape helps improve the visibility and safety of your vehicles and trailers. Conspicuity tape complies with DOT reflectivity, pattern, and vehicle placement standards. Primarily used to increase the nighttime conspicuity of Vehicles so they are safely and effectively visible in the light of an approaching driver's headlamps.<sup>1</sup>

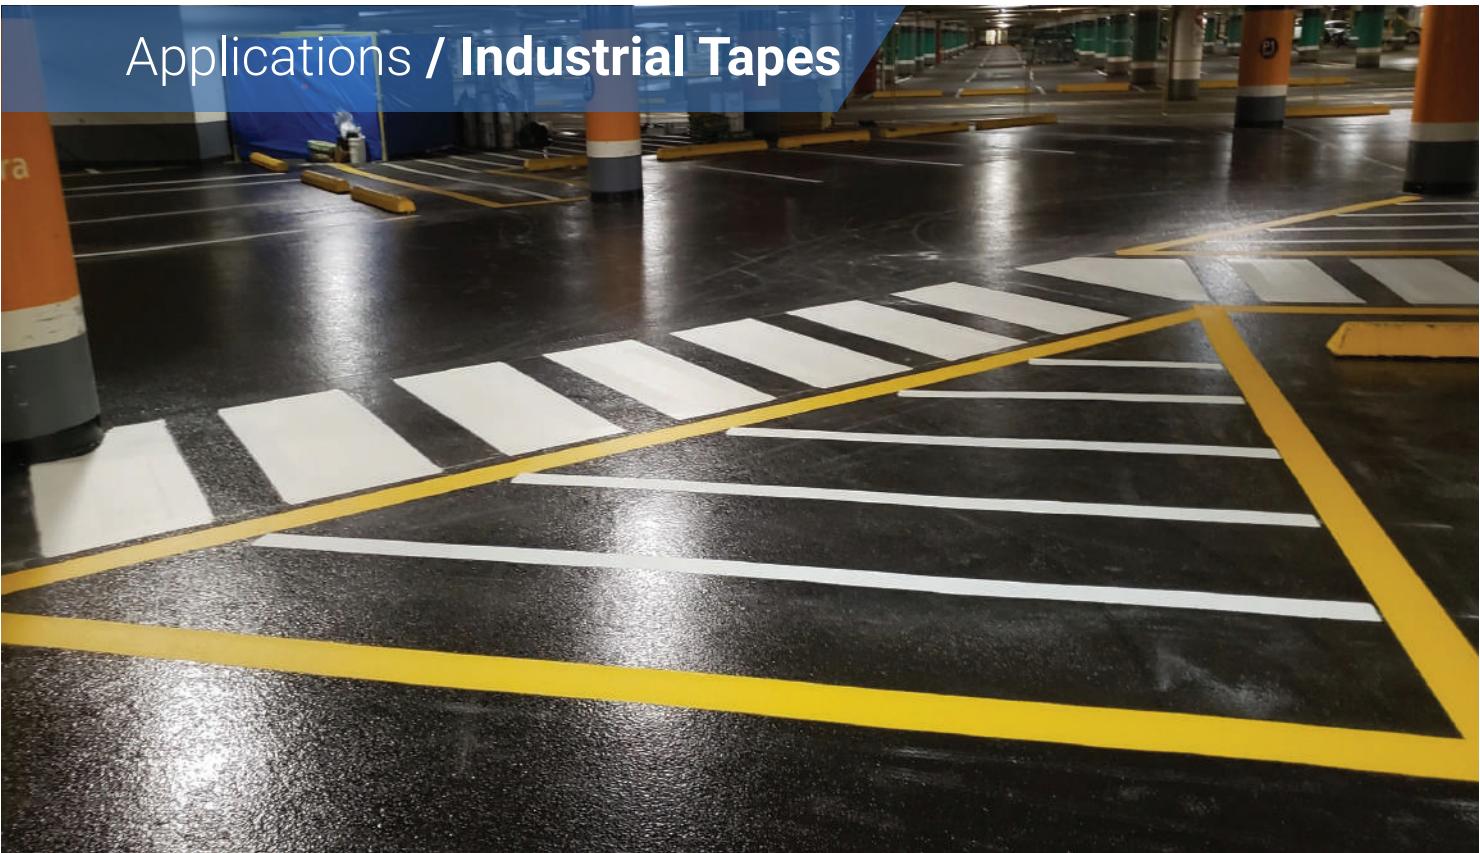

## Rear Marking Plates

Rear Marking Plate (C3 & C4) is a pressure sensitive, engineering grade and can stand up to adverse weather condition, including moisture and heat. Highly reflective microprismatic lens sheeting with pressure sensitive adhesive for application to sides and rear of large trucks, trailers and other vehicles to increase their visibility, especially when the vehicle is turning.

## Applications / Industrial Tapes

### Industrial marking tapes

ORAFOL Floor and Safety Marking Tapes provide the flexibility to make changes quickly and efficiently without masking or waiting for paint to dry. Beyond being easy to apply, we offer tough, durable tapes that can stand up to heavy forklift traffic with no lifting or curling, then remove cleanly when it's time for a change.
